在 2018 金砖国家智库国际研讨会暨万寿论坛上

开幕致辞

栾建章

(金砖国家智库合作中方理事会秘书长、中共中央对外联络部研究室主任)

各位专家学者、媒体界朋友：

大家上午好！

时令已经进入人间最美好的四月天，广州一片生机勃勃，白云山郁郁葱葱。在这个美好的季节里，各位理事和各国嘉宾不辞辛劳，汇聚在“广州白云国际会议中心”，出席由金砖国家智库合作中方理事会与广东工业大学、广东省新兴经济体研究会等机构共同举办的 2018 金砖国家智库国际研讨会暨万寿论坛。我代表论坛主办方，热烈欢迎各位与会嘉宾出席本次论坛！

金砖国家智库合作中方理事会成立于 2017 年 1 月 11 日，是金砖国家智库合作机制化运作平台“金砖国家智库理事会”五成员之一，扮演着金砖国家智库合作事务中方牵头人的角色，主要负责金砖国家合作框架下二轨对话交流。理事会成立现有 8 家副理事长单位，69 家理事单位和 71 名理事，理事长由中联部副部长郭业洲担任。

随着金砖国家合作不断走深走实，智库先行的理念愈发深入人心，智力需求不断扩大。理事会始终把为金砖合作提供更高质量、更高水平的研究成果作为首要任务，努力为深化金砖合作出谋划策、前行探路、凝聚共识。各理事单位也积极结合专业所长，积极申办会议和申报课题，以问题导向、创新意识为指引，为金砖国家攻克合作难点、提高合作成效、增添合作动力提供更多原创性、思想性、操作性的中国倡议和中国方案，以智慧成果助力金砖合作。

去年我们也在广州，也是与广东工业大学共同举办了主题为“金砖国家产业合作与全球价值链建设”的研讨会，为厦门第九次金砖国家峰会提供了强有力的支持。也希望在座的各位专家、学者能够积极支持和参与本次论坛，围绕会议主题展开热烈讨论，期待听到大家的思想和智慧，以实际行动支持 2018 年南非金砖国家第十次学术论坛和峰会，支持金砖国家深化合作。

广州是一座古老的商业城市，到处洋溢着现代商业气息。目前，广州正在举办“中国进出口商品交易会”（广交会），这是世界各国厂商寻求商业信息、展示商品的重要平台，开展商品交易的著名盛会。今年春季广交会是第 123 届“中国进出口商品交易会”，自 1957 年春创办以

来已经六十多年，广州为国际经济贸易合作作出了重要贡献。

广州也是我国最早开放、开放程度最高的城市之一，也是最具创新活力的城市，这次研讨会放在广州举办，具有十分重要的寓意。希望广州开放历史和创新活力给我们金砖国家智库的专家、学者带来众多启示，探索出更多创新思想和研究成果。

近几年，世界出现了逆全球化思潮和行动，当前正是中国与美国贸易摩擦愈演愈烈之际。但我们中国仍然坚持推进经济全球化，在不久前闭幕的“博鳌论坛”上，深入讨论“开放共创繁荣 创新引领未来”的议题，积极研讨构建“人类命运共同体”的智慧。因此，2018 金砖国家智库研讨会坚持“金砖国家开放创新与包容性发展”为主题，为金砖国家可持续发展与包容性发展提供我们“金砖国家智库合作”的方案。

以前比较多地研究和讨论金砖国家合作重要意义、合作理念和原则、合作机制等宏观方面的议题，现在有必要深入讨论一些具体的问题。本次会议按照“一带一路”倡议秉承共商、共享、共建原则，“政策沟通、设施联通、贸易畅通、资金融通和民心相通”的建设内容，深入讨论金砖国家的区域发展战略对接和政策沟通，推动制造业创新与可持续发展；同时，探讨通过经济和社会改革，实现各国经济和谐、共同发展；通过我们具体问题的讨论，为金砖国家合作提供我们论坛“万寿方案”，推动金砖各国实现政策沟通和民心相通，实现共赢共享发展。预祝此次研讨会圆满成功，谢谢大家。

Remarks on BRICS Think Tank Int'l Symposium & Wanshou Forum 2018

Luan Jianzhang

Secretary-General,(CCBTC)

Doctor, Director of Research Office, International Department, Central Committee of CPC

Honorable experts and scholars, friends from the media:

Good morning!

At this most beautiful April when Guangzhou is offering us its vibrancy with lush Baiyun Mountain. Now, guests from home and abroad gather at “Baiyun International Convention Center” to attend BRICS Think Tank Int'l Symposium & Wanshou Forum 2018, jointly held by China Council for BRICS Think Tank Cooperation(CCBTC), Guangdong University of Technology(GDUT), Guangdong Emerging Economies Society. On behalf of the organizer, I would like to extend our sincere welcome to all the guests here.

China Council of BRICS Think Tank Cooperation, established on January 11, 2017, is one of five members of BRICS Think Tank Council for BRICS Think Tank Cooperative Operational Platform, and acts as the leader for BRICS cooperative affairs in China. The main role is to be responsible for the Track Two Dialogue under BRICS cooperation framework. Since the Board of Directors was established, there are 8 vice president units, 69 director units and 71 council members, and Mr. Guo Yezhou, Deputy Director of International Department of Central Committee of CPC, serves as Chairman

With the continuous deepening of BRICS cooperation, the idea of “Think Tank Go Ahead ” is more deeply rooted among the people and the demand for intelligence also expanded. The Council has always made it priority to offer a higher quality and higher level research achievement for the BRICS cooperation, endeavored to offer suggestions, explore the way forward and consolidate consensus for deepening BRICS cooperation. All council units, actively combined with their professional strengths, apply for conferences and subjects, guided by problem-oriented and innovative consensus so that to provide more original, ideological and operational China Initiatives and Chinese plans for BRICS to overcome the difficulties in cooperation, improve the effectiveness of cooperation and increase cooperation motivations, helping the BRICS with intellectual achievements.

Last year in Guangzhou, we also held the symposium with the theme of “BRICS Cooperation and Global Value Chains” hosted by Guangdong University of Technology. That symposium offered strong supports for the ninth BRICS Xiamen Summit. We also hope that all experts and scholars here can

actively support and participate in our conference, talk freely on the theme of this symposium. We look forward to collect your ideas and wisdom, to support the tenth BRICS academic forum and summit in South Africa in 2018 with practical action, and to support the deepening in BRICS cooperation.

Guangzhou is a historic commercial city, but also full of modern business atmosphere. At present, The "China Import and Export Fair" (Canton Fair) is holding in Guangzhou. It is an important platform as well as a famous event for manufacturers from all over the world to seek business information, display merchandise and trade commodities. The Spring Fair in this year is the 123rd China Import and Export Commodity Fair. It has been more than 60 years since it was founded in the spring of 1957. And Guangzhou has made important contributions to international economic and trade cooperation.

Guangzhou, with the strong innovative ability and activity, is also one of the earliest and most open cities in China. It has important meaning that this symposium held in Guangzhou. We hope that experts and scholars from BRICS think tanks could get much inspiration through the open history and innovative vitality of Guangzhou, and explore more innovative ideas and research achievements.

In recent years, the world has witnessed an anti-globalization trend of thought and actions. Now, the trade friction between China and the United States has been intensified. However, China always insists on promoting economic globalization. In the "Boao Forum for Asia," which was concluded few days ago. It had an in-depth discussion on the topic of "Openness for Greater Prosperity, Innovation for a Better Future." and actively discussed the wisdom of "building a community with shared future for humanity." Therefore, the 2018 BRICS think-tank symposium adheres to the theme of "BRICS Open, Innovative and Inclusive Development", providing the "BRIC think tank cooperation" programme for the sustainable and inclusive development of BRICS.

The significance, philosophy, principle and mechanism of BRICS cooperation have been discussed and studied for many times, and now some specific questions deserve in-depth discussion. According to the the Belt and Road Initiative, adhering to the principle of planning together, building together and benefiting together, and the connectivity of policy, infrastructure, trade, finance and people, this symposium has a further discussion on the synergy of regional development strategies and policy communication among BRICS and aims to promote the innovation and sustainable development in manufacturing. At the same time, we hope to realize economic harmony and common development of every countries through exploring economic and social reform. And through discussion on specific issues, we can offer *Wanshou Plan* for BRICS cooperation, promote to realize the connectivity of policy and people in BRICS, and achieve win-win and shared development.

I wish this symposium a great success, thank you.

在 2018 金砖国家智库国际研讨会暨万寿论坛的致辞

罗 军

（广东省人民政府外事办公室副主任）

2018 年 4 月 23 日

尊敬的各位领导、各位专家，女士们，先生们、朋友们：

大家上午好！

很高兴受邀参加此次金砖智库研讨会。金砖智库研讨会在我省举办已经是第二届，每年会议期间，来自国内外的专家、学者、驻华使馆的外交官以及企业界、新闻界的代表集聚广东共同交流探讨、发表真知灼见，为金砖国家下一步的发展提供建议和思路。在此，我谨代表中共广东省委外事办公室和省人民政府外事办公室，对 2018 金砖国家智库国际研讨会的顺利开幕致以热烈的祝贺，同时，也向出席本次会议的国内外专家学者和各位朋友表示热烈欢迎！

金砖国家合作机制成立以来，五国经济发展速度明显高于西方发达经济体，五国经济总量增长 179%、占全球比重从 12% 上升到 23%，贸易总额增长 94%、占全球比重从 11% 上升到 16%，对外投资比重从 7% 上升到 12%。2016 年，五国间贸易总额近 3000 亿美元，超过全球 80% 的国家的 GDP。在过去十年中，金砖国家推动世界经济增长，完善全球经济治理，加强发展中国家间合作、加强新兴市场国家和发展中国家在国际经济金融事务中的代表性和话语权，携手应对国际金融危机冲击，为促进全球经济金融稳定做出重要贡献。当前，金砖合作机制已成为国际上具有重要影响的机制。

“平等相待、求同存异，务实创新、合作共赢，胸怀天下、立己达人”，在金砖国家工商论坛开幕式上的主旨演讲中，习近平主席用 24 个字概括了“金砖精神”的深刻内涵。金砖合作走过 10 个年头，经过中国力量的镌刻、中国智慧的升华，“金砖精神”熠熠生辉，照亮前程。中国既是金砖国家相互合作的积极倡导者，同时也是金砖国家与广大发展中国家密切合作的大力推动者。作为中国对外开放最早、开放程度最高的省份之一的广东省，一直以来在对外经济贸易与对外投资方面都扮演着重要角色。可以说，在金砖国家合作机制建立的十年中，广东与其他金砖国家的贸易水平也获得了大幅增长。2017 年实现货物贸易进出口总值 10064.9 亿美元，增长 5.4%；其中，出口 6227.8 亿美元，增长 4%，进口 3837.1 亿美元，增长 7.6%。2016 年，广东与金砖国家的进出口总额超过 500 亿美元，较 2006 年的 127.34 亿美元增长了 292 个百分点。值得一提的是，在与俄罗斯、印度、巴西和南非的经贸合作方面，广东的民营企业表

现尤为出色，华为、中兴、格力、TCL、美的等一批有实力的民营企业已经走在全国的前列，率先涉足金砖市场。目前，其他金砖国家中，印度的经济发展势头良好，南非、巴西、俄罗斯也呈现出积极向上的发展态势，可以说，未来的前景较好，广东民营企业将会有更大的空间去开拓。

当前，全球经济前景依然复杂，企业在对外贸易和对外投资时所面临的挑战愈加强烈。国际保护主义盛行，一些国家加大外资审查力度，部分发展中国家政权更迭、政策不稳定以及社会动乱增加了企业“走出去”的政治风险。在此背景下，如何进一步发挥五国互补优势，提升实质合作水平，创新金砖国家合作机制，亟待对相关问题进行深入研究，准确研判、精准施策，推动金砖国家协同发展。广东与其他金砖国家所处的发展阶段相似，在经济社会发展方面有很多可以相互学习借鉴的地方，产业互补性强，开展合作的空间和潜力也非常大。广东加强和其他金砖国家的交流合作，实现共同的发展，应该说对中国、对广东都具有非常深远的意义。

随着与金砖国家合作的不断深入，广东企业也在以更加积极的态度对接和落实金砖国家合作成果。在经济、科技、文化等方面，广东企业积极争取承接相关项目，一方面促进自身发展，另一方面也为国家整体战略推进提供微观支撑。2018 年广东将聚焦体制机制创新，深入推进粤港澳大湾区市场一体化建设，深化自贸试验区改革开放，加快建设贸易强省，加强创新能力开放合作，积极参与“一带一路”建设，发展更高层次的开放型经济，推动形成全面开放新格局。

金砖国家智库论坛及其系列研讨会已日益成为相关国家专家学者、政府官员启迪思想、交流经验，助推金砖合作水平提升的重要平台。与会的各位都是相关领域的知名专家，期待各位专家学者在接下来的时间里畅谈金砖国家深化互利合作，对广大发展中国家联动发展，包容发展和可持续发展等问题发表真知灼见，建言献策，碰撞出思想的火花，展示出我们集体智慧的力量，也希望金砖智库论坛在大家的共同努力下越办越好，为广东，乃至中国开放性经济发展和金砖国家的合作事业做出应有的新的贡献。

最后预祝论坛取得圆满成功，祝在座的各位身体健康，心想事成，广州之行顺利愉快，谢谢大家！

Remarks on BRICS Think Tank Int'l Symposium & Wanshou Forum 2018

Luo Jun

(Deputy Director of Foreign Affairs Office, People's Government of Guangdong Province)

April 23, 2018

Distinguished guests, ladies and gentlemen, friends:

Good morning!

It is a great pleasure to be invited to the 2018 BRICS Think Tank Symposium, which holds in Guangdong Province for the second time. During the symposium, experts and scholars from home and abroad, diplomats from Embassy in China, representatives from business and press circle, gather in Guangdong to exchange and express their insights, and provide suggestions and ideas for the further development of BRICS. On behalf of the Foreign Affairs Office of People's Government of Guangdong Province, I would like to extend my warm congratulations to the smooth opening of BRICS Think Tank Int'l Symposium & Wanshou Forum 2018, and also would like to extend our sincere welcome to all the guests.

Since the establishment of the BRICS cooperation mechanism, the economic growth rate of the BRICS is obviously higher than western developed economies. Our combined GDP has grown by 179%, and its share in global economy has grown to 23%, up from 12%. The total trade volume has increased 94 %, taking up 16% in global total from 11%. As for the proportion of foreign investment has risen from 7 % to 12 %. In 2016, trade between the five countries totaled nearly \$ 300 billion, surpassing 80 % of the world's GDP. Over the past decade, BRICS promoted world economic growth, improved global economic governance, enhanced cooperation among developing countries, reinforced the representation and voice of emerging market countries and developing countries in international economic and financial affairs, and jointly tackled the impact of the international financial crisis, and made important contributions to promoting global economic and financial stability. At present, BRICS cooperation mechanism has become an important mechanism in the world.

President Xi Jinping, in his keynote speech at the opening ceremony on BRICS Business Forum, summed up the profound connotation of BRICS spirit in following words “treating each other as equals and seeking common ground while shelving differences; taking a results-oriented, innovative approach

to make our cooperation benefit all; developing ourselves to help others with the well-being of the world in our mind”. BRICS cooperation has gone through 10 years with the engraving of China's strength and the sublimation of China's wisdom, BRICS spirit owns a bright future. China is not only an active advocate of BRICS cooperation, but also a strong promoter of close cooperation between BRICS and developing countries. Guangdong province, as one of the earliest and most open provinces in China, has been playing an integral role in foreign trade and investment. It can be said that in the past decade since the establishment of the BRICS cooperation mechanism, the level of trade between Guangdong and other BRICS countries has also increased significantly. In 2017, the total value of imports and exports goods trading reached \$ 1006.49 billion, an increase of 5.4 %; Of this total, exports took up \$ 622.78 billion rising at a rate of 4%, and imports rose \$ 383.71 billion, achieving an increase of 7.6%. In 2016, total imports and exports from Guangdong to the BRICS countries exceeded \$ 50 billion, at an increase of 292 percentage point compared with \$ 12.734 billion in 2006. It is worth mentioning that in terms of trade and economic cooperation with Russia, India, Brazil and South Africa, Guangdong's private enterprises do particularly good. A number of powerful private enterprises, such as Huawei, ZTE, Gree, TCL, Midea, etc, have been at the forefront of the country, taking the lead in the BRICS market. At present, among other BRICS countries, the economic development momentum of India is quite good. South Africa, Brazil, and Russia also present a positive trend of development. It can be said that the future prospect is better, and the private enterprises in Guangdong will get more space to develop.

Currently, the global economic outlook remains complex, and enterprises face more challenges in foreign trade and investment. With the rise of International Trade Protectionism, some countries raise scrutiny of foreign capital. While due to regime change, policy instability and social turbulence, political risks are high for companies “going global” in parts of developing countries. In such environment, how to further give play to complementary advantages of BRICS, how to improve cooperation and innovate BRICS cooperation mechanism, these questions need go into deep studies, accurate judgments and measures to promote BRICS coordinated development. Guangdong and other BRICS countries share similar development stage, thus there are much experiences we can learn from each other. The stronger industrial complementarity we have, the greater cooperation and potential we own. We can say, it has far-reaching significance for Guangdong Province, even for China, to strengthen our exchange and cooperation with other BRICS countries, and to achieve common

development.

With continuous deepening of cooperation with the BRICS countries, Guangdong enterprises are also in a more positive attitude to implement the achievement of BRICS cooperation. In terms of economy, science and technology, and culture, Guangdong enterprises have actively undertake related projects, on the one hand to promote their own developments, and on the other hand to provide micro-support for country's overall strategic advancement. In 2018, Guangdong Province will focus on the innovation of system and mechanism, deepen the market integration in Guangdong-Hong Kong-Macao Greater Bay Area, and deepen the reform and opening up of the Pilot Free Trade Zone, accelerate the building of a strong province of trade, strengthen the opening up and cooperation in innovation capabilities, and actively participate in the construction of the Belt and Road . We should develop a higher level of open economy and promote the formation of a new pattern of comprehensive openness.

The BRICS Think Tank Symposium and its series of Symposium have become an important platform for relevant national experts, scholars and government officials to inspire ideas and exchange experiences and boost the level of cooperation in BRICS. The participants are all well-known experts in the relevant fields. We hope that experts and scholars will talk freely about deepening mutually beneficial cooperation of BRICS and express your insights on issues such as joint development, inclusive development and sustainable development among the developing countries. The collision of thought shows the power of our collective wisdom. We also hope that the BRICS Think Tank Symposium will work better under the joint efforts of everyone and make new contributions to the open economic development of Guangdong , even China, and to the cooperation of the BRICS.

Finally, I wish this symposium a great success. I wish you all good health and May all your wish come true. Have a nice trip in Guangzhou! Thank you!

在 2018 金砖国家智库国际研讨会暨万寿论坛的致辞

陈 新

（金砖国家智库合作中方理事会副理事长，广东工业大学书记、校长、教授）

2018 年 4 月 23 日

尊敬的各位领导、专家，老师、媒体界的朋友们：

大家上午好！

今年是金砖国家合作的第 11 个年头，也是落实《金砖国家领导人厦门宣言》的第 1 年，为放大和延续厦门会晤成果，推动金砖国家智库学者交流，金砖国家智库合作中方理事会与广东工业大学、广东省新兴经济体研究会联合举办 2018 金砖国家智库国际研讨会暨万寿论坛，这也是我校第二次作为金砖国家智库合作中方理事会副理事长单位承办金砖国家智库国际研讨会。我很荣幸代表广东工业大学，向莅临本次会议的领导及来自世界各地的专家、学者表示诚挚的欢迎，对中共中央对外联络部对我们的信任表示衷心感谢。希望大家今天能够围绕《金砖国家开放创新与包容性发展》这个会议主题及三个议题畅所欲言，为推动金砖国家的开放、创新和包容性发展以及合作机制的不断完善贡献自己的智慧。

十多年来，金砖国家合作本着“共商、共建、共享”的原则、务实合作的理念实现了经济的快速发展，顺应了经济全球化、合作共赢的现实需要。经过 10 多年的快速发展，金砖国家在现行国际经济政治体系中不断加强合作，积极发掘自身力量有效维护自身利益和发展中国家利益，推动构建人类命运共同体。

当前，世界经济呈现出积极向好的态势，但仍然面临巨大挑战。全球增长动能不足、全球经济治理滞后、全球发展失衡等矛盾严重制约着世界经济的复苏和再次走向繁荣，特别是反全球化思潮和保护主义情绪的升温，加剧了世界经济的不确定性。席卷全球社会大变革的第四次工业革命也蕴含着不少风险和挑战。当今世界这么多问题，这么多挑战，需要加强多边合作来应对。金砖国家在这方面应该承担着重要而特殊的责任，高举经济全球化和多边主义大旗，秉持开放创新与包容性发展理念，在开放中合作、以合作求共赢，为给世界经济带来光明、稳定、美好的前景发挥积极作用，做出更多建设性贡献。

秉承金砖合作共建人类命运共同体的使命，作为广东省高水平建设大学，广东工业大学扎根南粤，励精图治，跨越发展。学校坚持把科学研究紧密结合广东经济和社会需求，坚持

不懈地走产学研相结合的道路，正努力通过创新学科优势服务金砖国家的技术合作、产业合作、产能合作等领域。学校现有省级以上科研创新平台 77 个，拥有制造物联网技术国家地方联合工程实验室、智能制造信息物理融合系统集成技术国家地方联合工程研究中心、现代服务业产业集聚基地、广州国家集成电路基地 4 个国家级科研创新平台。围绕学校五大学科群，学校面向广东产业、面向金砖国家发展合作，积极构建高水平、多元化科研创新平台。通过建立完整创新链、主动承接省内外、国内外的重大科技工程，不断增强创新引领能力。

目前学校在装备制造、物联网、大数据等重要产业领域联合承担国家科技计划项目十余项，是广东省制造业信息化专家组组长单位，承担省制造业信息化发展规划与技术服务，是广东省“数控一代”工程专家组组长单位。学校扎实推进“以学科为主体”的国际合作与交流，搭建国际合作平台，对接国际一流技术，引进国际一流人才。学校已设立了广工—剑桥纳米创新研究院、广工-巴基斯坦 COMSATS 信息技术大学科技援外，是制造效率国际会议主办单位、亚太光学制造国际会议主办单位以及国际软物质研讨会主办单位。未来，广工将继续立足广东，着眼全球，将继续为金砖国家的进一步深入合作，尤其是可持续发展的制造业创新合作方面发挥自身更大的作用。

女士们，先生们，这次研讨会我相信在座的各位智库专家一定能够为金砖国家区域发展战略对接与进一步开放，金砖国家可持续发展的制造业创新，金砖国家经济与社会改革与包容性发展等本次会议的议题建言献策，用自己的智慧和能力，为金砖合作机制进一步深入提供方向引领，切实履行历史责任和使命担当，将“开放、包容、合作、共赢”的金砖精神融入到建设“和平、繁荣、开放、创新、文明”的“一带一路”伟大事业中去，推动建设“开放、包容、普惠、平衡、共赢”的新型全球化，打造南南合作新平台，为全球经济繁荣和民众对美好生活的向往，提出金砖方案，发出金砖声音，做出金砖贡献。

最后，再次的感谢各位远道而来的专家学者们。预祝本次金砖国家智库国际研讨会圆满成功。谢谢大家！

Remarks on BRICS Think Tank Int'l Symposium & Wanshou Forum 2018

Chen Xin

(Vice Chairman, China Council for BRICS Think-tank Cooperation (CCBTC), Secretary, President & Professor of GDUT)

April 23, 2018

Distinguished guests, friends from media, ladies and gentlemen,

Good morning!

This is the 11th year of BRICS cooperation and the first year to implement the *BRICS Leaders Xiamen Declaration*. To magnify and last the Xiamen Summit achievements, to promote the exchange among BRICS Think-Tank scholars, the China Council for BRICS Think-tank Cooperation (CCBTC) and Guangdong University of Technology (GDUT), Guangdong Emerging Economies Society jointly hold the BRICS Think Tank Int'l Symposium & Wanshou Forum. This is also the second time for our university to serve as the Vice President of the CCBTC to host the symposium. I am honored to be here representing GDUT to extend my warmest welcome to leaders, experts and scholars that from all over the world, and express our sincere gratitude to the International Department of the CPC Central Committee (IDCPC) for their trust. Today, hope you can express your mind freely on the keynote speech “BRICS Open, Innovative and Inclusive Development” and three sessions for the promotion of opening-up, innovative and inclusive development of the BRICS as well as cooperative mechanism improvement.

For more than a decade, In the light of the principle of “planning together, building together and benefiting together” and the concept of result-oriented cooperation, BRICS’ cooperation has realized rapid economic growth and complied with the actual demands of economic globalization and win-win cooperation. After over a decade of rapid development, BRICS have continuously strengthened their cooperation in the current international economic and political system, actively excavated their own strength to effectively safeguard interests of their owns and developing countries, and promoted the building a community of shared future for all humankind.

Now, the world economy is showing a positive trend, but still faces enormous challenges. The lack of global growth momentum, the lagging of global economic governance and the imbalance of global development have seriously restricted the recovery of world economy and its return to prosperity. Especially the rise of anti-globalization and protectionist increases uncertainty in world economy. The fourth Industrial Revolution, which engulfing global social transformation, also contains many risks and challenges. With so many problems and challenges in today's world, we need to strengthen

multilateral cooperation to tackle them. In this regard, BRICS should undertake such an important and special responsibility, uphold the banner of economic globalization and multilateralism and follow the concept of open innovative and inclusive development, cooperating in opening up and seeking win-win results through cooperation, playing a positive role in bringing a bright, stable and promising prospects to world economy and making more constructive contributions.

As Guangdong province high level University, Guangdong University of Technology, located in the south China, makes every effort to achieve spanning development by committed to the mission of building a community of shared future for mankind through BRICS cooperation. GDUT has persisted in close connection of scientific research with Guangdong economic and social development needs, unremittingly taken the path of combination of industry-university-research. GDUT is striving to serve the cooperation of BRICS in the sectors of technology, industry, production capacity by innovating discipline advantage. Now we own 77 platforms for scientific research and innovation that above provincial level, as well as four national research and innovation platforms, including the national-local joint Engineering Laboratory respectively for Internet of Things Technologies(IOTT), and for Engineering Research Center for Intelligent Manufacturing Cyber-physical Systems, the Industry Cluster Base for Modern Service Industry, and Guangzhou National Integrated Circuit Center. Focusing on the five subject clusters, GDUT aims to cooperate with industries in Guangdong and BRICS, and actively build high-level and diversified research and innovation platforms. The university has proactively undertaken major science and technology projects both inside and outside the province and at home and abroad by building a complete innovation chain, and therefore enhanced its innovation leadership.

At present, GDUT, as the head unit of the Guangdong manufacturing informatization experts group, jointly undertakes over ten national science and technology planning projects in the important sectors such as equipment manufacturing, IOT, big data. Besides, as the head unit of the “CNC Generation” engineering expert group in Guangdong Province, it undertakes the provincial development planning and technical services for manufacturing informatization. GDUT also steadily promotes international cooperation and exchange with disciplines as the main body, establishing an international cooperation platform, docking world-class technology, introducing world-class talents. Our university has set up the GDUT-Cambridge University Institute for Nano Innovation, and GDUT-Pakistan COMSATS Institute of Information Technology foreign technical aid. GDUT is the organizer of the International Conference on Manufacturing Efficiency, the Asia Pacific Conference on Optics Manufacture and the International Soft Matter Symposium. In the future, the university will continue to base on Guangdong Province and focus on world, and play an extensive role in the further

cooperation in BRICS, especially in the innovation in manufacturing for the sustainable development of BRICS

Ladies and Gentlemen, I believe that all the think-tank experts presenting here will offer your own suggestions and advice on *The Synergy of Regional Development Strategies among BRICS and Its Further Opening up*, *The Innovation in Manufacturing for the Sustainable Development of BRICS*, and *The Economic, Social Reform and Inclusive Development in BRICS* at this conference. Your wisdom and abilities will provide direction and guidance for deepening the BRICS cooperation mechanism. We need to earnestly carry out historic responsibilities and mission, imbue the great cause of One Belt and Road Initiative which is peaceful, prosperous, open, innovative, and cultural-advanced with the spirits of the BRICS including openness, inclusiveness, cooperation, and win-win, promote the building of a new type globalization that is open, inclusive, balanced, beneficial to all, establish new platform for south-south cooperation. We will propose BRICS plans, make BRICS voices heard and have contributions to the global economic prosperity and people's aspiration for better life. Finally, I want to extend my gratitude again to the experts and scholars who have come from afar. I wish the 2018 BRICS Think Tank Symposium a complete success. Thank you all!

金砖国家智库合作中方理事会

金砖国家智库合作中方理事会的成立是我深入推进金砖国家智库合作的务实举措。作为金砖国家合作的重要组成部分，金砖国家智库合作起步于 2008 年。2013 年金砖国家领导人德班会晤决定进一步推动金砖国家智库合作，宣布成立了金砖国家智库理事会。2017 年是金砖国家的“中国年”，也将开启金砖国家合作第二个十年，为更好整合国内研究力量，充分发挥中方在推动金砖国家智库交流合作中的作用，中共中央对外联络部作为金砖国家智库合作中方牵头单位，联合国内多家金砖国家研究机构于 2017 年 1 月 11 日正式成立金砖国家智库合作中方理事会，主要负责金砖国家合作框架下二轨对话交流。理事会现有 8 家副理事长单位、69 家理事单位和 71 名理事，理事长由中联部副部长郭业洲担任，副理事长由中国人民大学、北京师范大学、国家开发银行、华东政法大学、广东工业大学、四川外国语大学、对外经济贸易大学、北京第二外国语学院等有关负责同志担任。中方理事会作为金砖国家智库理事会成员，将代表中方参与金砖国家智库合作，推动国内外金砖研究智库交流合作平台建设，现正积极筹备 2017 年金砖国家领导人厦门会晤框架下的智库活动，致力于为领导人会晤提供智力支持。

The founding of the CCBTC is a pragmatic move of us to push forward BRICS think-tank cooperation to a higher level. As an important component of BRICS cooperation, BRICS think-tank cooperation started from 2008. The BRICS summit held in Durban in 2013 announced to further promote think-tank cooperation, thus, to establish the BRICS Think Tank Council (BTTC). In 2017, China will assume the presidency and BRICS will enter into its second decade. In order to better integrate domestic research strength and give full play to China's role in promoting BRICS think-tank cooperation, the International Department of the CPC Central Committee, as the Chinese coordinator of BRICS think-tank cooperation, rallies domestic BRICS research institutes to formally establish the CCBTC on the 11th of January 2017, promoting the dual-track dialogue and exchange under the framework of the BRICS cooperation. Currently there are 8 vice-chairman level council organizations, 69 council organizations and 71 individual council members in the CCBTC, with Vice Minister Guo Yezhou of the IDCPC serving as chairman, and leaders of the Renmin University of China, the Beijing Normal University, the China Development Bank, the East China University of Political Science and Law, the Guangdong University of Technology, the Sichuan International Studies University, Beijing International Studies University and the University of International Business and Economics serving as vice chairmen. The CCBTC, as member of the BTTC, will represent China in participating BRICS think-tank cooperation and push forward the building of domestic and international think-tank cooperation platform on BRICS research. At the moment, the CCBTC is engaging in the preparation of think-tank activities under the framework of the 2017 BRICS Summit to be held in Xiamen, and endeavors to provide wisdom support to the meeting.
